THE PUBLIC

several hundreds of servants-but their own chances of securing ONE servant for general housework excite more genuine interest, and they search the "Tee-Dee Want Ads." with more anxiety than they give to the "foreign news and gossip."

You Will Secure a Position if You Use Tee-Dee Want Ads.

They are amused at Uncle Sam's threat to buy his canal supplies in "the open market" of the world-but just what things for the home and office cost in the "open market" or their city interests them IN DETAIL-hence they keep "in touch" with the local stores by reading all of the ads.

Your Ad. in the Tee-Dee Want Columns will be Read.

They feel the horror and pity of the latest slaughter in Manchuria-but a good deal of grim satisfaction in an advertised "slaughter" of prices in two or three local stores, and for that reason the Tee-Dee Want Ads. are consulted daily.

And it is so with the whole range of the day's events-they are INTERESTED in the news; they are CONCERNED in the advertising. The news interests them in a non-personal way

A Tee-Dee Want Ad. Is Like a Live Wire

with one end attached to their pocketbooks.

So, while the newspaper instructs and amuses and educates, it furnishes, also, those other and better-liked facts which color and control the comings and goings and the buyings and sellings and gettings and givings of daily life. It cultivates in its readers "the knack of knowing things," and that is why the Tee-Dee Want Ads. give such big results.
